SendGrid Account Creation

Team ID	PNT2022TMID42213
Project Name	Plasma Donor Application

The screenshot shows the SendGrid dashboard interface. The top navigation bar includes the user name 'Mohan raj S' and a list of menu items: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area displays a welcome message and a guide for creating a sender identity. A blue banner reads 'Send your first emails with Twilio SendGrid'. Below this, the 'Create a sender identity' section explains that a sender identity is needed before sending emails and offers two options: 'Create a Single Sender' (highlighted with a blue button) and 'Authenticate a domain instead'. An illustration shows an email header with 'Your Business' as the sender. At the bottom, a message states 'Please create a sender identity before sending your first email.' The Windows taskbar at the bottom shows the time as 20:14 on 17-11-2022.

Welcome, Mohan!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

[Create a Single Sender](#) [Authenticate a domain instead](#)

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

Your Business <jane.doe@your_business.com>

Send your first email

Please create a sender identity before sending your first email. [🔒](#)
